Dr. Dwight E. Erlick
Systems Research Branch
Human Engineering Division
6570th Aerospace Medical Research Labs
Wright-Patterson Air Force Base, Ohio

Attention: MRHES

Dear Dr. Erlick:

Thank you for your letter of 8 September 1967. We were pleased that you found the presentations here of possible use to your work.

The human factors aspects of the Command and Control area are of general interest at this time, and [] and others in our office would appreciate the opportunity of a tentative visit at Wright-Patterson before the end of the year to discuss this further.

Very truly yours,

USAF review(s)
